

# THANK YOU CARD 1 (FOLK ART FESTIVAL)

**Design by:** <u>thriftyunicoms</u> (1 Project) **About me:** everything has a re-purpose!

Project skill level: easy
Project time: less than 30 minutes
Project tags: Thank You Cards

I made 3 thank you's using the Folk Art Festival cartridge.

## CRICUT®: WHAT WAS USED

Oricut Expression® Machine with Flantin SchoolBook and Accent Essentials®

Oricut® Everyday Cartridge, Folk Art Festival

## OTHER MATERIALS NEEDED

Brown and Red Card Stock

Adhesive

Brown Ink Pad

### STEP 1

On Brown card stock cut a 5" "Barn" with Font Shadow Shift engaged.

### STEP 2

On Red cardstock cut a 5" "Barn" with Font Black out engaged.

### STEP 3

On red card stock cut 2pc. 5" "Barn" Blackout with Shift engaged.

#### STFP 4

On red card stock cut out a 2 1/2" "Mouse".

#### STED 5

On brown card stock cut out the letters spelling "THANK YOU" @ 3/4" with FONT engaged.

NOTE: Using "Blackout Font" would work best. I didn't 'blackout' and had the decorative holes cut in each letter. Since the letters were so small it was too tedious to removed them by hand with a tool. So i just left them in there.

#### STFP 6

I inked all the edges of everything I had cut out in red card stock with a simple brown ink pad.

#### STFP 7

Adhere the red card stock pieces to the brown base card as depicted in pictures. If desired add embellishment with a gold metallic sharpie.
