Used Cuddlebug Heart boxes folder on the top piece of card stock (darkest pink) added ribbon to embossed piece. Then adhere these to the card. (light pink)

STEP 3

Use your Cricut to cut out the Lady bug on page 32 of Create a Critter 2 I cut it all at 2.5" dark pink card stock, then shift use the red, layer 1 black glitter card stock, I did not use shift in layer one. Put the Lady bug together. I have a video to show you on my blog. <http://melodylanedesigns.blogspot.com/2013/01/love-bug-valentine.html>

STEP 4

Use your Cricut to cut out Love on page 32. I use Cricut Craft Room and scaled down the size of love to be 4" wide to fit on the card. I cut out in red card stock and then used the Cuttlebug swiss dots to emboss. I cut out the inner heart with dark pink card stock and popped up with a foam square. and then adhered to card.

STEP 5

I added heart shapes rhinestones to the card and on the ladybugs antenna's. I used glitter glue on all hearts and a white faux enamel for the mouth. You can see all this in the video.
