EXTREME FONTS - PERSONALISED WEDDING CARD

Design by: Flo (1 Project)

About me: I am a cricut-a-holic and a cart-a-holic. I love my die cutting machines and have a family of Cricuts. I make videos of what I make with the cricut and how to use the machines. Check out my Blog.

Use CCR to create a background of words (names of the bride and groom) for a wedding card

CRICUT®: WHAT WAS USED
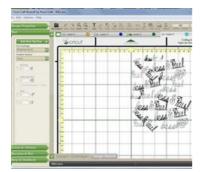

Cricut® Sweethearts Cartridge

Cricut Expression® 2

OTHER MATERIALS NEEDED

- card stock
- gel pens & holder
- adhesive

- vellum
- glitter glue

On CCR using Extreme fonts basic use the text tool to write the names' of the bride and groom. Copy and paste till you fill up an area larger than the card you want to make. Select the first name set and using the lower left handle rotate the names. Do this till you have the area you want covered in the names of the 2 people.

STEP 2

From the sweethearts cartridge cut out a bride and groom at 4 inches. Using a card base of your choice layer the word written vellum onto the card base, then layer the bride and groom onto the vellum.

add bride and groom

STEP 3

Place a sheet of vellum onto the mat where you have designed the words. Using cricut pens/ markers write on the vellum.
