## CRICUT®: WHAT WAS USED

Cricut® Basketball Solutions™ Cartridge

Cricut Expression® Machine

## OTHER MATERIALS NEEDED

- Basket Ball Digital Download
- Red 12x 12 cardstock
- Orange 12x12 cardstock
- White 12x12 cardstock
- Black 12x 12 cardstock
- 3 deminsional stickers
- White thick Foamboard

## STEP 1

I use the download file Basket Ball images to create this backdrop.

This project need to use 12x24 cardstock paper or 2- 12x12 with a strip of 1 inch cardstock(use doublesided tape runner and put a stripe of tape all the way down and place it over the seam of the 2 butted up 12x12 cardstocks on matt. Make sure you set your cut for cutting twice so that the strip cuts out clean. For the red part of the player you do the same thing. This is something I came up with but struggle with so be patient and have fun. Make sure you cut between 2-3 times around images and have the right cardstock all cardstock don't cut images out as good as others. For the rest of the design you can use and letter font you have. I use basic font that came with my cricut Craffroom. I also used pop dots to give the hoop a little dimension. I am not good at giving direction so, I hope you understand.
